

Activity: Prayer Walk

Purpose

It is by faith and prayer that God will transform hearts, lives, communities, nations and cultures. The purpose of the Prayer Walk activity is to pray, asking God to break through the spiritual, economic, political, and social walls that bind the nation and community in which your team is serving.

Goal

To spend intentional time praying for the nation and community in which your team is serving.

How It Works

- This activity will last for 15 to 60 minutes.
- Have your team read Joshua 6:1-27 and Hebrews 11:30 to learn the historical account in Scripture of how God used prayer walks around Jericho to bring down the wall surrounding the city.
- The in country 410 Bridge team leader and/or a member of the community will lead your team through the community as the group petitions the Lord in prayer.
- This activity is different than home visits and prayers in that your team will not make frequent stops, but continuously walk through a part of the community.

Things To Remember

Prayer is a chance for us to speak to our Heavenly Father, thanking Him for His many blessings and welcoming or asking Him to intercede in our daily lives. Prayer can be done anywhere, any time, and in any language. It is also a gift our Father gives us to administer His grace to others, and that is why we believe in its power to restore, redeem, and heal communities in which we serve. We appreciate your active response to engage in the work God is doing. It makes a difference for all of eternity.
