410 Bridge economic development programs focus on providing stability and opportunity for families to sustain their own development long after 410 Bridge departs their community.

On 410 Day, donations will go specifically towards three programs in Guatemala and Kenya:

- Living Seeds Program
- Foundations for Farming
- Savings Group_Program

We can support our partner and create impact for generations to come by giving just- \$41. Find ways to give here: <https://410bridge.org/410day/>
