

Email Copy - Church Focus

Hi Church Family,

We're excited to celebrate [410 Day on April 10th!](#) It's a special day of generous giving to support the incredible impact our partner, 410 Bridge, is making in communities around the world.

We take great pride in our long-standing partnership with [410 Bridge](#) and invite you to join us in supporting their mission. As a Christ-centered, global, non-profit organization, 410 Bridge works with people who are facing extreme poverty. By partnering with each community for at least a decade, they promise sustainable change.

This year, they're focused on raising donations for economic development programs in Guatemala and Kenya. We encourage you to prayerfully consider participating.

Your contributions can make a significant difference. By donating towards resources such as fruit trees, pigs, chickens, and bees, you're giving real opportunities for families to provide for themselves and become self-sufficient.

Let's show up and use our gifts to serve others in Guatemala and Kenya.
